This year, we present to you a partnership of philanthropic leadership serving Jefferson, Berkeley, Morgan, Hampshire, and Hardy Counties.

In this Report to the Community, we want to remind you of all the remarkable things your local Community Foundation does for our Eastern West Virginia communities. We offer one of the most powerful and meaningful ways for our collective communities to Look to Future with hope, vision, and purpose.

First, we build hometown endowment. Rather than spend your gifts, we invest them. Each year, the earning from those gifts become grants or scholarships that return back into your community and the charities you care most about. It’s about your vision.

Second, we specialize in offering personalized service to our donors. Each fund described in our Report to the Community was named by the donor, has a specific purpose crafted by the donor, and will become a personal legacy lasting generations. It’s permanent.

Third, our business is building community. From our role as grantmakers, to our work to involve our donors in the community, to our programs and workshops for area charities, our vision is to improve the quality of life here in Eastern West Virginia. It’s about home, our neighbors, our family, our heritage. We also hope that it’s about you.

With the Community Foundation, anyone and everyone can be a philanthropist. There is so much more we’d like you to know. Please contact us to learn more about our work to gather, grow, and grant!

Executive Director

Our mission is to improve the quality of life for all people in Eastern West Virginia. The Community Foundation embraces the concept that people working together can make a difference. We seek a common philosophy whereby people recognize, understand, and act upon the benefits philanthropy brings to our community. We build permanent endowment. We offer maximum flexibility to our donors, meet high professional standards, promote effective and efficient grantmaking, and strengthen charitable organizations in our community.
Invest In Your Community

Here are the tools you need to invest in your community.

Whether philanthropy is a new personal journey or an established family tradition, we offer personalized services at no extra cost. We can work with you to:

- Help you determine the values that will guide your giving
- Create an individual giving plan
- Investigate issues that interest you
- Identify and evaluate local organizations that match your interests
- Work with your family to engage multiple generations

We specialize in offering personalized service to our donors. We work with community benefactors who want to craft how they can give back—making an impact now and for generations to come. There is so much we’d like you to know. For more information and ideas on ways to combine your charitable giving with permanent endowment, ask your financial advisor or contact us, today.

Each year, we bring our donors together with charitable grant and student scholarship recipients at a Donor and Grantee Reception. It’s a wonderful occasion to enjoy the face of philanthropy.
By creating a fund in your Community Foundation serving Hardy County, Hampshire County, or the Eastern Panhandle, you can take advantage of all we have to offer. The Community Foundation makes it economical and easy for you to invest in the community. Donors get prudent fund management and the generous tax advantages associated with giving through a community foundation. You also benefit from a committed staff with knowledge of the community and the charities in our area.

We take care of administrative functions, evaluate charities, and stay in tune with the changing community to support you and help you achieve your charitable vision.

Here are the basic steps for creating a fund.

1. **Define your charitable and financial objectives.** Consider how you want your gift to be used, whether you want future family members involved, and how much involvement you want in making grant recommendations.

2. **Select the type of fund that matches your charitable interests.**

   **General fund.** A gift to establish a General Fund helps meet the changing needs of Eastern West Virginia, now and in the future. General Funds broadly support the wellbeing and vitality of Eastern West Virginia and its residents and are distributed to qualified charities seeking support through the Community Foundation’s grantmaking program.

   When you establish a General Fund, you leave decisions about the use of your gift to the Community Foundation, trusting the Foundation’s knowledge and reach within the community to determine what needs are most pressing.

   **Area of Interest Fund.** This type of fund allows you to target an area of need rather than a specific charity. The Community Foundation will make grants to those organizations most effectively serving the people and causes you want to help—the elderly, homeless, hungry, arts and cultural organizations, education, environment, for example.

   **Donor Advised Fund.** A donor-advised fund allows you to enjoy ongoing involvement in the distribution of your gifts from your fund. You bring specific grant recommendations to the Community Foundation for consideration.

   **Designated Fund.** You may name a specific charity to benefit from your gift. Should this designated organization cease to exist, the
Transferring a Private Foundation or Trust Fund. You may wish to create a vehicle that allows continued, long-term involvement with charitable giving and creation of a private foundation is often an early consideration. However, the disadvantages of private foundations—excise fees, administrative fees, lesser tax benefits, and due diligence administration—cause many to seek a more flexible alternative such as a donor-advised fund in the Community Foundation. Existing private foundations can be easily transferred to a named endowment fund within the Community Foundation, greatly reducing administrative overhead, while maintaining key elements of donor involvement and long-term, legacy vision.

Corporate Giving Funds. Corporations are often overwhelmed with requests for charitable gifts. Many corporations across America look to their local community foundation for a simplified, focused giving program, administered by Community Foundation staff. A corporation can establish a named fund and set up specific guidelines for grant making. Or, it may elect to give the Community Foundation full discretion over disbursements.

Agency Fund. Charities often wish to create long-term endowments that will benefit their mission and purpose. The Community Foundation provides an excellent vehicle to ensure endowment gifts are carefully invested and managed.

Scholarship Fund. You may choose to dedicate a fund’s purpose entirely to helping students study and advance their education. The Community Foundation works with area school staff, community volunteers, and our Board of Directors to interview students and make award recommendations.

3. Determine which asset you will use in creating your fund. Gifts of cash, securities (publicly traded or closely held) or real estate can be accepted by the Community Foundation to set up a fund. Assets with a low cost basis are often wise choices, since they offer maximum tax advantages: You pay no capital gains tax and receive a favorable income-tax deduction. You may also wish to review assets inside your retirement plan for possible charitable use. At all times, we work closely with your accountant and attorney to ensure your charitable wishes are clearly understood and applied.

Newly established funds can be created with a lump-sum gift of $5,000 or more. You also may create a Seed Fund, building toward a fully endowed $5,000 fund over five years.

4. Choose a name for your fund. Many donors choose a family name, but you can use any name that is meaningful to you.

5. Make your gift to the Community Foundation. While your gifts to establish a fund will be commingled with other Community Foundation assets, earned income and appreciation are returned to your fund for its charitable use.

6. Make a gift through your Will. Appropriate language to make sure your Will meets legal and tax criteria is available. Just ask!

From here on, your charitable vision is nearly worry-free. The Community Foundation takes care of government filings, grant paperwork, auditing and accounting. Most importantly, you will have joined with dozens of others who have created a personal legacy that is true philanthropy.

Applying for A Grant

The Eastern West Virginia Community Foundation requests proposals throughout the year to address several areas of concern:

- Youth services and programs
- Civil War Cemeteries in Jefferson County
- Schools and educational programs in Berkeley County
- Conservation and preservation efforts
- Homelessness and affordable housing initiatives

The Hampshire County Community Foundation requests proposals due in the Fall that help to address West Virginia Healthy People 2010, most specifically:

- Nutrition and overweight programs
- Physical activity and fitness
- Substance abuse

The Hardy County Community Foundation seeks to launch its grantmaking programs in 2008 and 2009. Our donors shape our grantmaking capacity with their vision and philanthropy. Some of our permanent funds do not request proposals, but make grants outright to qualifying charities or programs. To be placed on our mailing list and receive grant announcements, please send contact information to info@EWVCF.org, info@Hampshireccf.org, or info@HardyCountycf.org. You may also contact our staff to make inquiries about your agency work and funding needs. The Community Foundation does not make grants to individuals.

Applying for A Scholarship

The Eastern West Virginia Community Foundation, Hampshire County Community Foundation, and Hardy County Community Foundation distribute a Universal Application to all area high schools for scholarships before Thanksgiving Holiday, each year. Deadline for application is March 2, 2009, or, the deadline set by an applicant’s school. Home-schooled students may also qualify for scholarships that specify such consideration.

Scholarship criteria range widely based on the vision and philanthropy of our donors. Criterion often includes geographic location, area of study, scholastic achievement, and/or financial need. We encourage prospective applicants to carefully review a list our scholarship funds published annually to ensure eligibility.

Differing committees, selected and approved by the Eastern West Virginia Community Foundation Board of Directors, review all applications. Students must submit a complete application and application form for each scholarship award for which they wish to be considered. In some cases, students are required to participate in a face-to-face interview.

Students should seek out application forms from their school counselors, online at EWVCF.org, or by contacting our staff.
Our Legacy Society is a distinguished list of donors who have committed to building charitable giving for tomorrow through a planned gift, today. Legacy Society Members make their charitable dreams a reality by creating a new or adding to an existing fund within the Community Foundation. They do this through bequests, charitable trusts, estate planning, life insurance policies, or other forms of carefully planned gifts.
In 2007, the Community Foundation continued its longstanding record of holding total administrative fees to one percent of each fund’s value and investment fees to an average of one-half of one percent—an exceptionally low overhead ratio.

Donors who establish funds within the Eastern West Virginia Community Foundation enjoy two financial benefits: the superior tax savings available when giving to a community foundation and the cost efficiencies achieved by collective endowment investing and management.

Jane Snyder was moved from relative to relative as a young child. She had a desperate glimpse of what being orphaned, neglected, overlooked, and without opportunity was all about for helpless children.

Thanks to her forward thinking philanthropy, since 1997, her fund has provided more than $300,000 in community grants to help our local children. Her gift is timeless.

This year, she’ll help design a skate park . . .

buy books for the children’s library . . .

push kids to exercise more . . .

provide shelter for kids and their homeless moms . . .

and, so much more.

There is so much more we’d like you to know. Please call us today.
