Dear Friends,

The sentiment has been articulated before: Art is not just a reflection of talent, it is an expression of moral values. It reflects the condition of human life. It is a form of expression. It is personal, yet, it builds relationships.

The art of philanthropy is much the same.

Philanthropy is the offer of time, talent, and treasure. And, just as there are no rules defining who is or what is artistic, how much one gives doesn’t limit or define your philanthropy. To be sure, you don’t have to be rich to be a philanthropist. You just have to give.

When you work with your Community Foundation to build permanent endowment, you practice the art of philanthropy to benefit this community, for generations to come. Here, your gifts look to the long view—building something everlasting, enduring, for good, forever.

We’re proud of our financial outcomes summarized on pages two and three. We’re honored to be the stewards of the 135 funds portrayed on pages 21 through 29. And, we’re humbled and grateful for the hundreds who join together as community philanthropists to build this Community Foundation and the future of our community, listed on pages 8 through 13.

Thank you.

P.S. Our cover is a print by local artist, Mary Alice Bowers, of Berkeley County, WV. She is a charter member of the Potomac River Artist’s Guild, Valley Art Association, and American Society of Watercolor of West Virginia. We feel so lucky to have such generous local artistic talent—and philanthropy—in our community.

We connect donors who care with causes that matter.
Financial Report

Donors who establish funds in the Community Foundation enjoy two financial benefits. First, superior tax savings available when giving to a community foundation. And, two, outstanding cost efficiencies achieved by collective investment and management.

For 2010, the Community Foundation continued its frugal approach to community grantmaking with its 1% overhead fee applied to each fund. Equally meaningful, our investment advisors understand the charitable nature of our work, offering low-cost, high-touch investment management of our endowment: BCT (.35%), First United Bank & Trust (.35%), City National Bank (.35%), BB&T (.395%), United Brokerage Services (.35%), CNB Bank, Inc. (.35%). These modest fees make for an exceptionally low overhead ratio.
# 2010 Summary Financial Statement

The Eastern West Virginia Community Foundation's auditor, Yount Hyde & Barbour, PC has issued an unqualified opinion on the financial statements ended December 31, 2010. Completed 2010 audited financial statements may be found on our Web site, EWVCF.org and are available upon request.

**Financial Summary 2010**
Creating a Fund in Your Community Foundation

By creating a fund in your Community Foundation serving Hardy County, Hampshire County, or the Eastern Panhandle’s Jefferson, Berkeley and Morgan Counties, you can take advantage of all we have to offer.

The Community Foundation makes it economical and easy for you to invest in the community. Donors get prudent fund management and the generous tax advantages associated with giving through a community foundation. You also benefit from a committed staff with knowledge of the community and the charities in our area.

We take care of administrative functions, evaluate charities, and stay in tune with the changing community to support you and help you achieve your charitable vision.

Here are the basic steps for creating a fund

1 Define your charitable and financial objectives. Consider how you want your gift to be used, whether you want future family members involved, and how much involvement you want in making grant recommendations.

2 Select the type of fund that matches your charitable interests.

SEED FUND. We consider a fund fully “endowed” once it reaches $5,000. However, many of our philanthropists start a new fund by creating a Seed Fund, building to the $5,000 level over a five-year period. An initial gift of $500 or more is necessary to “seed” a new General, Field of Interest, Donor Advised, Designated, Agency, or Scholarship fund.

GENERAL FUND. A gift to establish a General Fund helps meet the changing needs of your community, now and in the future. General Funds broadly support the wellbeing and vitality of Eastern West Virginia and its residents and are distributed to qualified charities seeking support through the Community Foundation’s grantmaking program.

When you establish a General Fund, you leave decisions about the use of your gift to the Community Foundation, trusting the Foundation’s knowledge and reach within the community to determine what needs are most pressing.

FIELD OF INTEREST FUND. This type of fund allows you to target an issue of need rather than a specific charity. The Community Foundation will make grants to those organizations most effectively serving the people and causes you want to help—the elderly, homeless, hungry, arts and cultural organizations, education, environment, for example. You define the area of interest.

DONOR ADVISED FUND. A donor-advised fund allows you to enjoy ongoing involvement in the distribution of your gifts from your fund. You bring specific grant recommendations to the Community Foundation for consideration.

DESIGNATED FUND. You may name a specific charity to benefit from your gift. Should this designated organization cease to exist, the Community Foundation has the authority and responsibility to reallocate grants to another agency that most closely reflects your original vision.

AGENCY FUND. Charities often wish to create long-term endowments that will benefit their mission and purpose. The Community Foundation provides an excellent vehicle to ensure endowment gifts are carefully invested and managed.

SCHOLARSHIP FUND. You may choose to dedicate a fund’s purpose entirely to helping students study and advance their education. The Community Foundation works with area school staff, community volunteers, and our Board of Directors to interview students and make award recommendations.

3 Determine which asset you will use in creating your fund. Gifts of cash, securities (publicly traded or closely held) or real estate can be
Transferring a Private Foundation or Trust Fund.
Existing private foundations or charitable trust funds can be easily transferred to a named endowment fund within the Community Foundation, greatly reducing administrative overhead, while maintaining key elements of donor involvement and long-term, legacy vision. The disadvantages of private foundations or trusts—excise fees, administrative fees, lesser tax benefits, and due diligence administration—cause many to seek a more flexible alternative in the Community Foundation.

Corporate Giving Funds.
Corporations are often overwhelmed with requests for charitable gifts. Many corporations across America look to their local community foundation for a simplified, focused giving program, administered by Community Foundation staff. A corporation can establish a named fund and set up specific guidelines for grant making. Or, it may elect to give the Community Foundation full discretion over disbursements.

Creating a Fund

accepted by the Community Foundation to set up a fund. Assets with a low cost basis are often wise choices, since they offer maximum tax advantages: You pay no capital gains tax and receive a favorable income-tax deduction. You may also wish to review assets inside your retirement plan for possible charitable use. We work closely with your accountant and attorney to ensure your charitable wishes are clearly understood and applied.

4 Choose a name for your fund. Many donors choose a family name, but you can use any name that is meaningful to you.

5 Make your gift to the Community Foundation. While your gifts to establish a fund will be cominged with other Community Foundation assets for maximal investment benefits, income and appreciation are specifically tracked and tied to your fund, benefitting your fund for its growth and charitable grantmaking.

6 Plan a gift through your Will. Appropriate language to make sure your Will meets legal and tax criteria is available. Just ask!

From here on, your charitable vision is nearly worry-free. The Community Foundation takes care of government filings, grant paperwork, auditing and accounting. Most importantly, you will have joined with others who have created a personal legacy that is true philanthropy.

Gather Grow Grant

Donor Advised Fund vs. Private Foundation
Our benefactors frequently make gifts to build a specific fund—endowment growth that benefits generations into the future. Our community benefactors make gifts to help build a specific endowment fund, support special projects and events in the region, to honor and memorialize friends and family, and to support the Community Foundation’s annual fund. Thank you!

Ruth Heishman died in 2009. This year, she’ll help her local schools.

Ruth Heishman was a substitute teacher for Wardensville, WV, schools where she taught every grade. She understood the power of permanent endowment and how it could continue her charitable vision forever, and included her Community Foundation in her Will.

Thanks to Mrs. Heishman, her legacy endowment fund helps advance education in her beloved community. That’s the forever part of creating an endowment fund in your Community Foundation.

Please remember your Community Foundation in your Will. There is so much more we’d like you to know. Please call us today.
